CATALOGUE

PRODUCT CATALOGUE ON WEBSITE

Product catalogue on website

You can showcase up to 150 different products under your company profile. This allows buyers to view your entire product range in one place and understand specifications without repeated communication. All items will be visible on your customized product showcase page.

Products

FEATURED PRODUCT EXPOSURE (PRIORITY PRODUCTS)

You are eligible to list up to 100 selected products or services in a special highlighted section. These featured listings increase buyer attention and help position your strongest offerings in front of new and existing customers. The premium plan ensures higher reach and stronger brand presence.

COMPANY SHOWCASE PAGE

A Premium digital profile page will be created exclusively for your company. This page will include your business overview, product details, service offerings, and contact information, presented in a clear and structured layout for buyer confidence.

PREMIUM OPTIMIZED WEBSITE

We will design a dedicated website tailored to your brand identity. The website will help establish credibility, improve online reach, and act as a professional touchpoint for potential clients searching for your business online.

DOMAIN & WEBSITE HOSTING SUPPORT

Your website domain and hosting infrastructure will be arranged and maintained by us at no additional cost, eliminating technical responsibilities and allowing you to focus fully on business operations.

DEVICE-COMPATIBLE WEBSITE

Your website will be optimized to perform smoothly across mobile phones, tablets, and desktops. This ensures ease of access for users worldwide and supports better visibility on search engines.

[Verified buyer connections](#)

Your business will receive 1440 verified buyers (120 every month) pre-verified buyer inquiries sourced and filtered by our team. These contacts are business-ready and targeted, helping you reduce prospecting efforts and focus directly on closing deals and expanding revenue.

[VIP Buyer](#)

The premium plan includes 30 high-value VIP Buy-Leads, hand-selected to connect you with serious international buyers. These exclusive leads are designed to fast-track deal closures and accelerate business growth.

Flipbook

A visually rich online flipbook will be developed to present your company and products in an engaging catalogue-style format. This can be shared digitally with buyers for presentations, promotions, and follow-ups.

Website Chat Assistance

Your website will be equipped with a real-time chat option, enabling visitors to interact instantly and receive prompt responses. This increases buyer interaction and enhances the credibility of your business.

Social Media & Promotions

Our digital marketing specialists will manage and promote your business across multiple social media platforms. This strengthens your online presence, boosts credibility, and improves lead conversion by leveraging your social channels.

Advanced International SEO (12 MONTHS)

Designed to strengthen your company's online presence by improving search engine rankings, increasing website visibility, and helping potential customers discover your products and services through targeted business-related searches.

MULTI-LANGUAGE WEBSITE ACCESS

An automatic translation feature supporting 100+ global languages will be integrated into your website. This allows international buyers to understand your offerings without communication barriers.

HOMEPAGE PROMOTION BANNERS

Your brand will be showcased through eye-catching banner placements on our website's main page. These campaigns are designed to capture buyer attention and differentiate your business from competitors.

DEDICATED SUPPORT MANAGER

A dedicated relationship manager will be assigned to assist you throughout the engagement period. They will help with account setup, service usage, buyer coordination, and ongoing support.

TRADE INTELLIGENCE

Our Trade Intelligence solution provides access to 20 years of global import-export data across 150 countries. This data helps businesses analyze trends, understand tariffs, and make informed export decisions.

INTERNATIONAL TRADE SHOW PROMOTIONS & BUYER OUTREACH

Promote your business globally with our Trade Show Promotion service. We showcase your company and products at leading international exhibitions, connect with importers and distributors, generate qualified buyer leads, and help expand your brand presence in high-value global markets.

Branded Business Email

A custom business email address linked to your domain will be provided to support professional communication and strengthen your brand image during buyer interactions.

E-commerce (B2C) Services

In addition to our B2B services, we also offer end-to-end e-commerce solutions. We onboard and register our suppliers on leading B2C marketplaces such as Amazon, Alibaba, eBay, and Etsy. From product listing to generating sales and receiving orders, our team handles the entire process for the selected product. Under Premium plan, you receive full management of any 3 B2C marketplaces of your choice, aligned with your business goals and target market.
